February 2017

**Extended date Call for Papers
International Research Conference
Shaping Tomorrow's Built Environment:
Construction and Design for the Modern World**

**International Council
for Research and Innovation
in Building and Construction**

Introduction

The University of Salford is organizing the International Research Symposium on the 11th and 12th September 2017.

The event promises a huge gathering of key international players and speakers from industry, academia and the research community, forming an important networking point for all participants.

The Research Symposium is part of the International Research Week that also includes the Industry Day which will be held on 13th of September and the 13th International Postgraduate Research Conference in the Built Environment what will be held on 14th – 15th September.

Submissions of Abstracts

Abstracts (maximum of 300 words) should be submitted online via [EasyChair](#) where you will also require to select your thematic track related to the subject areas of any of the CIB Commissions mentioned on the [website](#). Abstracts will be sent to referees and the authors of the abstracts that pass this peer-review will be invited to submit full papers.

The website for the International Research Week can be accessed via www.conference.org.uk/international-research-week

Important Dates Call for Papers, these dates have been extended!

Abstract submission deadline	28th February
Abstract acceptance notification	7th March
Full papers submission deadline	21th April
Paper review notification	15th May
Final papers deadline	5th June
