New CIB Publication

European Recommendations for the Design, Detailing and Application of Fastenings for Sandwich Panels

ISBN: 978-90-6363-097-3

Introduction

The CIB Commission, W056 Sandwich Panels (joint CIB-ECCS Commission), published this European Recommendations for the Design, Detailing and Application of Fastenings for Sandwich Panels.

Contents

- Introduction and application range
- Definitions
- Materials and Durability
- Design of Fastenings
- Resistance Determined by Tests
- Resistance Determined by Calculation
- Execution and Maintenance
- References
- Annex a: Head Deflection
- Annex b: Transverse Compression Deformation
- Annex c: Design Examples

Prepared by

The Joint Committee of ECCS TC7 TWG7.9 and CIB Working Commission W056.

Availability

The Publication is electronically available for free from the CIB website [here](#).

The publication will also be available for free via the ICONDA@CIBlibrary in the near future.

Contact details
